Discussion: Hintz discussed that the current mining ordinance is over 20 years old. Wisconsin Act 134 was put into place by the State of Wisconsin to open up mining in Wisconsin, the new rules are less restrictive. The Mining 101 seminar was held on January 24th and sponsored by the Wisconsin Counties Association and the Wisconsin Towns Association. The intent of the seminar was to educate local government on changing mining laws. Act 134 sets a deadline of July 1, 2018 to adjust the current ordinance before the new rules take place. Hintz went over the reasons to update our current ordinance, discussion ensued regarding potential issues.

Motion/Second Jensen/Winkler to postpone Resolution # 15 – 2018 until after we have had an opportunity to review the mining best practices from the Wisconsin Counties Association.
